Our Meat Packages

Many of our meat packages are constantly in demand, for children and people who have been prescribed a low fat, high protein diet by their doctors. We provide only the highest quality, USDA inspected meat, quick frozen and shipped to you packed in dry ice and insulated containers. We have had to remake our order form so many times, with the cost increases caused by our economy, that we have left the prices blank. When you call and ask us our prices, the price is locked in at the time you place your order. Use that price and enter it in to this form. It represents our contract to you. When we receive this form, we will verify the amount, and process the order.
